

The Cathedral is fully committed to providing a working environment in which employees are able to realise their full potential and contribute to its business success irrespective of their gender, race disability, sexual orientation, marital status, part time status, age, religion or belief.

This is a key employment value to which all employees are expected to give their support.

Specifically, the Cathedral aims to ensure that no employee is subject to unlawful discrimination directly or indirectly.

The Cathedral will continually keep its policies under review and will implement changes where these could improve equality of opportunity.
